Tom

Petters: Yes.

Deanna

Coleman: Hi, Tom. Hey, a couple quick questions. First of all, how did it go with Greg at Interlachen?

Petters: Fine, everything's fine.

Coleman: Oh, good, good.

Petters: I, we got Ted Deikel (UI) on our way to the airport (UI).

Coleman: I just have a quick

Petters: What's up?

Coleman: I just have a quick question. Frank Vennes, or Palm Beach Partners, sent me an email. You know that shipping report way back in May when Frank was flipping out and he had to have a shipping report on when the payments were gonna be due?

Petters: Right.

Coleman: Remember that? And then I did that letter, um, saying that payments should start coming, being back on track?

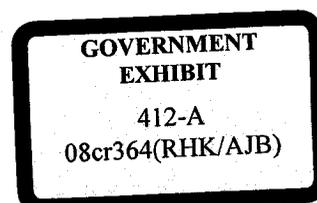

Petters: Okay.

Coleman: Okay, that was in May. Well then, um, in what, um, in Sep, beginning of September.

Petters: What did they send in the email, what does it say, I mean, do you want to forward to me?

Coleman: Well then, the beg, the beginning of September they had to have another shipping report, um so they have different shipping dates on em, and they wanna know why they're different shipping dates. They want an explanation on that.

Petters: See these are the things that they look for, like on three lines, I, I, I can't even follow really what

you're saying but I do. Uh, I don't know why there's three different shipping dates from the other. I mean, why, one is different from the original one we sent in July? Is that what you said?

Coleman: Why we sent in May, the end of May. All right, we can, we can go...

Petters: Well, I

Coleman: ...over it tomorrow.

Petters: how can, why, how come they are different?

Coleman: Um, you know what, Tom, because I don't

Petters: Well, no, I mean, I, I, I

Coleman: There's, there's no shipping date so it's all made up, and I just, I couldn't

Petters: I know, but then change, okay, so the first one has a certain date on it, the other one has...

Coleman: Right.

Petters: ...a new date, they're not the same.

Coleman: It's four months later and, and it was just, um, I didn't go off the last shipping report.

Petters: Okay, so, uh

Coleman: I didn't realize that we were gonna have to give them shipping reports on a monthly or quarterly basis.

Petters: I hear ya. So is this for the same deal, is that right, is that what it was?

Coleman: Yeah, a lot of the notes are the same because they hadn't received any payments.

Petters: Oh, well I don't know how to answer that, but. These are the same notes and different shipping dates for the next report.

Coleman: Right, yes. We can look at it t-, we

Petters: Um.

Coleman: I know you're on the other line, that's fine.

Petters: But I, I don't know that I have an answer for that but, but, anyway, I will figure it out. I don't, I don't know, I don't know why there'd be that either. So, I mean, I know (UI) you know. I'll try to help you figure something out but I don't, I don't have an answer right now.

Coleman: Okay.

Petters: Um, it would just have ah the same dates, I think. I know what you mean, I don't know. I don't have an answer. But we'll, I'll think about it. Okay?

Coleman: Okay.

Petters: Hello?

Coleman: All right.

Petters: Okay.

Coleman: All right.

Petters: All right, I'll call you if I can. Otherwise I'll see you in the morning.

Coleman: Okay. I'll just see you in the morning. Okay, bye.

Petters: Thanks. Bye.
