

Authorized Depository Listing

Northern and Eastern Districts of Texas

We recommend using the contact information referenced below to begin the process of opening a Debtor in Possession bank account. Once the account has been established business may be conducted at any branch location. Authorized Depositories have agreed to provide the Office of the U.S. Trustee with quarterly bank reports and have pledged collateral or obtained a surety bond for accounts that exceed the FDIC insurance limit. Authorized Depositories are not required to open Debtor in Possession bank accounts and Chapter 11 Debtors are still subject to the banking policies and procedures established at each bank. If you are having difficulty with setting up a Debtor in Possession bank account, your attorney may be able to work with our office to resolve the issue or to determine whether an alternative to this administrative requirement is available. Please see the *Guidelines for Chapter 11 Cases* for additional information regarding Debtor in Possession bank accounts.
