These procedural guidelines are not intended to supersede local rules, but are to be read as complementing the procedures set forth in local rules.

To keep all published rules, regulations, and guidelines pertaining to the United States Trustees Program in one section of the Code of Federal Regulations, the title to 28 CFR 58 will be amended to include the Bankruptcy Reform Act of 1994.

List of Subjects in 28 CFR Part 58

Bankruptcy, Trusts, and Trustees.

For the reasons set forth in the preamble, the Department of Justice proposes to amend 28 CFR part 58 as follows:

PART 58—REGULATIONS RELATING TO THE BANKRUPTCY REFORM ACTS OF 1978 AND 1994

1. The heading of Part 58 is revised to read as set forth above.

2. The authority citation for Part 58 continues to read as follows:

Authority: 28 U.S.C. 509, 510, 586(e), 588(d).

3. Appendix A is added to Part 58 to read as follows:

(a) General Information. (1) The Bankruptcy Reform Act of 1994 amended the responsibilities of the United States Trustees under 28 U.S.C. § 586(a)(3)(A) to provide that, whenever they deem appropriate, United States Trustees will review applications for compensation and reimbursement of expenses under section 330 of the Bankruptcy Code, 11 U.S.C. 101, et seq. (“Code”), in accordance with procedural guidelines (“Guidelines”) adopted by the Executive Office for United States Trustees (“Executive Office”). The following Guidelines have been adopted by the Executive Office and are to be uniformly applied by the United States Trustees except when circumstances warrant different treatment.

(2) The United States Trustees shall use these Guidelines in all cases commenced on or after October 22, 1994.

(3) These Guidelines are not intended to supersede local rules of court, but should be read as supplementing the procedures set forth in local rules.

(4) Nothing in the Guidelines should be construed:

(i) To limit the United States Trustee’s discretion to request additional information necessary for the review of a particular application or type of application or to refer any information provided to the United States Trustee to any investigatory or prosecutorial authority of the United States or a state;

(ii) To limit the United States Trustee’s discretion to determine whether to file comments or objections to applications;

(iii) To create any private right of action on the part of any person enforceable in litigation with the United States Trustee or the United States.

(5) Recognizing that the final authority to award compensation and reimbursement under section 330 of the Code is vested in the Court, the Guidelines focus on the disclosure of information relevant to a proper award under the law. In evaluating fees for professional services, it is relevant to consider various factors including the following: the time spent; the rates charged; whether the services were necessary to the administration of the estate; and whether the completion of the case at the time they were rendered; whether services were performed within a reasonable time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; and whether compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in non-bankruptcy cases. The Guidelines thus reflect standards and procedures articulated in section 330 of the Code and Rule 2016 of the Federal Rules of Bankruptcy Procedure for awarding compensation to trustees and to professionals employed under section 327 or 1103. Applications that contain the information requested in these Guidelines will facilitate review by the Court, the parties, and the United States Trustee.

(6) Fee applications submitted by trustees are subject to the same standard of review as applications of other professionals and will be evaluated according to the principles articulated in these Guidelines. Each United States Trustee should establish whether and to what extent trustees can deviate from the format specified in these Guidelines without substantially affecting the ability of the United States Trustee to review and comment on their fee applications in a manner consistent with the requirements of the law.

(b) Contents of Applications for Compensation and Reimbursement of Expenses. All applications should include sufficient detail to demonstrate compliance with the standards set forth in 11 U.S.C. § 330. The fee application should also contain sufficient information about the case and the applicant so that the Court, the creditors, and the United States Trustee can review it without searching for relevant information in other documents. The following will facilitate review of the application.

(1) Information about the Applicant and the Application. The following information should be provided in every fee application:

(i) Date the bankruptcy petition was filed, date of the order approving employment, identity of the party represented, date services commenced, and whether the applicant is seeking compensation under a provision of the Bankruptcy Code other than section 330.

(ii) Terms and conditions of employment and compensation, source of compensation, existence and terms controlling use of a retainer, and any budgetary or other limitations on fees.

(iii) Names and hourly rates of all applicant’s professionals and paraprofessionals who billed time, explanation of any changes in hourly rates from those previously charged, and statement of whether the compensation is based on the customary compensation charged by comparably skilled practitioners in cases other than cases under title 11.

(iv) Whether the application is interim or final, and the dates of previous orders on interim compensation or reimbursement of expenses along with the amounts requested and the amounts allowed or disallowed, amounts of all previous payments, and amount of any allowed fees and expenses remaining unpaid.

(v) Whether the person on whose behalf the applicant is employed has been given the opportunity to review the application and whether that person has approved the requested amount.

(vi) When an application is filed less than 120 days after the order for relief or after a prior application to the Court, the date and terms of the order allowing leave to file at shortened intervals.

(vii) Time period of the services or expenses covered by the application.

(c) Case Status. The following information should be provided to the extent that it is known to or can be reasonably ascertained by the applicant:

(i) In a chapter 7 case, a summary of the administration of the case including all moneys received and disbursed in the case, when the case is expected to close, and, if applicable seeking an interim award, whether it is feasible to make an interim distribution to creditors without prejudicing the rights of any creditor holding a claim of equal or higher priority.

(ii) In a chapter 11 case, whether a plan and disclosure statement have been filed and, if not yet filed, when the plan and disclosure statement are expected to be filed; whether all quarterly fees have been paid to the United States Trustee; and whether all monthly operating reports have been filed.

(iii) In every case, the amount of cash on hand or on deposit, the amount and nature of accrued unpaid administrative expenses, and the amount of unencumbered funds in the estate.

(iv) Any material changes in the status of the case that occur after the filing of the fee
application should be raised, orally or in
writing, at the hearing on the application or,
if a hearing is not required, prior to the
expiration of the time period for objection.
(3) Summary Sheet. All applications
should contain a summary or cover sheet that
provides a synopsis of the following
information:
(i) Total compensation and expenses
requested and any amount(s) previously
requested;
(ii) Total compensation and expenses
previously awarded by the court;
(iii) Name and applicable billing rate for
each person who billed time during the
period, and date of bar admission for each
attorney;
(iv) Total hours billed and total amount of
billing for each person who billed time
during billing period; and
(v) Computation of blended hourly rate for
persons who billed time during period,
excluding paralegal or other paraprofessional
time.
(4) Project Billing Format. (i) To facilitate
effective review of the application, all time
and service entries should be arranged by
project categories. The project categories set
forth in Exhibit A should be used to the
extent applicable. A separate project category
should be used for administrative matters
and, if payment is requested, for fee
application preparation.
(ii) The United States Trustee has
discretion to determine that the project
billing format is not necessary in a particular
case or in a particular class of cases.
Applicants are encouraged to consult
with the United States Trustee if there is a
question as to the need for project billing in
any particular case.
(iii) Each project category should contain a
narrative summary of the following
information:
(A) a description of the project, its
necessity and benefit to the estate, and
the status of the project including all pending
litigation for which compensation and
reimbursement are requested;
(B) identification of each person providing
services on the project; and
(C) a statement of the number of hours
spent and the amount of compensation
requested for each professional and
paraprofessional on the project.
(iv) Time and service entries are to be
reported in chronological order under the
appropriate project category.
(v) Time entries should be kept
contemporaneously with the services
rendered in time periods of tens of an hour.
Services should be noted in detail and not
combined or “lumped” together, with each
service showing a separate time entry;
however, tasks performed in a project which
total a de minimis amount of time can be
combined or lumped together if they do not
exceed 3 hours on a daily aggregate. Time
entries should include phone calls, letters, and
other communications should give sufficient
detail to identify the parties to and the nature of the
communication. Time entries for court
hearings and conferences should identify the
subject of the hearing or conference. If more
than one professional from the applicant firm
attends a hearing or conference, the applicant
should explain the need for multiple
attendees.
(5) Reimbursement for Actual, Necessary
Expenses. Any expense for which
reimbursement is sought must be actual
and necessary and supported by documentation
as appropriate to a determination that the expense is proper
include the following:
(i) Whether the expense is reasonable and
economic. For example, first class and
other luxurious travel mode or
accommodations will normally be
objectionable;
(ii) Whether the requested expenses are
customarily charged to non-bankruptcy
clients of the applicant.
(iii) Whether applicant has provided a
detailed itemization of all expenses including the
date incurred, description of expense
(e.g., type of travel, type of fare, rate,
destination), method of computation, and,
where relevant, name of the person incurring the
expense and purpose of the expense.
(iv) Whether expenses should be identified
by their nature (e.g., long distance telephone,
copy costs, messengers, computer research,
airline travel, etc.) and by the month
incurred. Unusual items require more
detailed explanations and should be
allocated, where practicable, to specific
projects.
(v) Whether applicant has prorated
expenses where appropriate between the
estate and other cases (e.g., travel expenses
applicable to more than one case) and has
adequately explained the basis for any such
proration.
(vi) Whether expenses incurred by the
applicant to third parties are limited to the
actual amounts billed to, or paid by, the
applicant on behalf of the estate.
(vii) Whether applicant can demonstrate
that the amount requested for expenses
incurred in-house reflect the actual cost of
such expenses to the applicant. The United
States Trustee may establish an objection
ceiling for any in-house expenses that are
readily incurred and for which the actual
cost cannot easily be determined by most
professionals (e.g., photocopies, facsimile
charges, and mileage).
(viii) Whether the expenses appear to be in
the nature nonreimbursable overhead.
Overhead consists of all continuous
administrative or general costs incidental to
the operation of the applicant’s office and
not particularly attributable to an individual
client or case. Overhead includes, but is not
limited to, word processing, proofreading,
secretarial and other clerical services, rent,
utilities, office equipment and furnishings,
insurance, taxes, local telephones and
monthly car phone charges, lighting, heating
and cooling, and library and publication
charges.
(ix) Whether applicant as adhered to
allowable rates for expenses as fixed by local
rule or order of the Court.
Exhibit A—Project Categories

Here is a list of suggested project categories
for use in most bankruptcy cases. Only one
category should be used for a given activity.
Professionals should make their best effort to
be consistent in their use of categories,
whether within a particular firm or by
different firms working on the same case. It
would be appropriate for all professionals to
discuss the categories in advance and agree
generally on how activities will be
categorized. This list is not exclusive. The
application may contain additional categories
as the case requires. They are generally more
applicable to attorneys in chapter 7 and
chapter 11, but may be used by all
professionals as appropriate.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the navigable waters of the United States in the vicinity of the South East side of Pier "J" in the Long Beach Outer Harbor, California. The event requiring the establishment of this safety zone is the Pier "J" breakwater construction project. Duration of this project is estimated to be 11 months. A safety zone is necessary to safeguard recreational and commercial craft from the dangers of the construction project and to prevent interference with the vessels engaged in these operations. The safety zone includes all waters within the boundaries defined by the line connecting the following coordinates:

Latitude Longitude
33° 44.5'N. 118° 11.2'W.
33° 44.5'N. 118° 10.9'W.
33° 44.3'N. 118° 10.8'W.
33° 44.0'N. 118° 10.8'W.
33° 44.0'N. 118° 11.1'W.

Entry into, transit through, or anchoring within the safety zone by vessels or persons other than those engaged in the construction project, or vessels servicing the Maersk terminal is prohibited unless authorized by the Captain of the Port.

DATES: Effective Date: This rule is effective at 12:01 a.m. PDT on April 24, 1996 and will remain in effect until 12:01 a.m. PST on March 31, 1997, unless cancelled earlier by the Captain of the Port Los Angeles-Long Beach, Ca.

SUPPLEMENTARY INFORMATION: In accordance with 5 U.S.C. 553, notice of proposed rulemaking was not published for this regulation and good cause exists for making it effective in less than 30 days after Federal Register publication. Following normal rulemaking procedures could not be done in a timely fashion in that the Coast Guard was not approached concerning the necessity for implementation of a safety zone until late in the planning process. The actual stipulations of the safety zone were not finalized until a date fewer than 30 days prior to the start of the project.

Although this regulation is published as a final rule without prior notice, an opportunity for public comment is nevertheless desirable to ensure the regulation is both reasonable and workable. Accordingly, persons wishing to comment may do so by submitting written comments to the office listed under ADDRESSES in this preamble. Those providing comments should identify the docket number (COTP Los Angeles-Long Beach, CA; 96–008) for the regulation and also include their name, address, and reason(s) for each comment presented. Persons wanting acknowledgement of receipt of comments should enclose a stamped, self-addressed postcard or envelope.

Based upon the comments received, the scope of the regulation may be changed.

Discussion of Regulation

The project to construct a breakwater around the Pier "J" Maersk terminal entrance has already been initiated. A safety zone is necessary to safeguard recreational and commercial craft from the dangers of the construction project and to prevent interference with vessels engaged in these operations. This safety zone will be enforced by U.S. Coast Guard personnel. The Coast Guard Auxilliary and the Long Beach Lifeguards will assist in the enforcement of the safety zone. Persons and vessels are prohibited from entering into, transiting through, or anchoring within the safety zone unless authorized by the Captain of the Port of his designated representative.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this regulation to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of the Department of Transportation is unnecessary. The safety zone does not extend into the vessel traffic lanes. It will have little or no impact on commercial vessels transiting through the harbor.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), the Coast Guard must consider whether this regulation will have a significant economic impact on a substantial number of small entities. "Small entities" include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under Section 3 of the Small Business Act (15 U.S.C. 632). As discussed in the "Regulatory Evaluation" section, because it expects the impact of this regulation to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this regulation will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This regulation contains no collection of information requirements under the
