

How to Access VDI Workstation from a Windows PC with RSA Token

Prerequisites:

- ✓ Computer operating system must be at least Windows 7, Windows 8, Windows 8.1, or Windows 10.
- ✓ Computer must have an Antivirus software running.
- ✓ Computer must have windows update patches downloaded and installed within the last 45 days. If system is not up to date on patching, Citrix Endpoint Analysis (EPA) software scans will fail.
- ✓ RSA Token Application must be installed and configured on Mobile Phone.

Software Prerequisites Check & Installation:

1. Open your Internet browser. (Microsoft Edge is the default and preferred browser.)
2. Browse to: <https://www.justice.gov/taxvdi>
3. Determine which bit your windows machine is by typing “System Information” in the search bar.

Windows 7

Windows 10

- Under system information, you will be able to determine whether you are running a 32-bit or a 64-bit system.

Item	Value

This system may contain U.S. Government information, which is restricted to authorized users ONLY. Unauthorized access, use, misuse, or modification of this computer system or of the data contained herein or in transit to/from this system constitutes a violation of Title 18, United States Code, Section 1830, and may subject the individual to Criminal and Civil penalties pursuant to Title 26, United States Code, Sections 7213, 7213A (the Taxpayer Browsing Protection Act), and 7431. This system and equipment are subject to monitoring to ensure proper performance of applicable security features or procedures. Such monitoring may result in the acquisition, recording and analysis of all data being communicated, transmitted, processed or stored in this system by a user. If monitoring reveals possible evidence of criminal activity, such evidence may be provided to Law Enforcement Personnel.
ANYONE USING THIS SYSTEM EXPRESSLY CONSENTS TO SUCH MONITORING.

2. Login with the following information:

Email Address: <FirstName>.<MiddleInitial>.<LastName>@usdoj.gov

Example: John.M.Doe@usdoj.gov

JCON Password: TAX Division Network Password

Pin & Token: See below for Login with RSA Token

Hard token

Type in five (5) Digit Pin number & eight (8) Digit Passcode

Please enter your credentials

Email Address

JCON Password

Pin and Token

[Log On](#)

Select “Log On”.

Soft token

Open RSA App from Mobile phone.

Enter your RSA Token Pin Number.

You will be presented with a RSA 8 Digit Passcode.

Enter that 8 Digit Passcode:

A login form titled 'Please enter your credentials'. It has three input fields: 'Email Address' with the value 'John.M.Doe@usdoj.gov', 'JCON Password' with masked characters '*****', and 'Pin and Token' with masked characters '*****'. The 'Pin and Token' field is highlighted with a red rectangular box. Below the fields is a blue 'Log On' button.

Select "Log On".

3. If this is your first login, you will be prompted to download and install the Citrix Endpoint Analysis (EPA) Plug-in.
4. Select “download”.

5. At the bottom of your screen you will see a popup.
6. Select “Run”.

7. A NetScaler Gateway Endpoint Analysis Setup Wizard will appear on screen.
8. Select “Install”.

9. After installation to close screen, select “Finish”.

10. Once the NetScaler Gateway Endpoint Analysis Setup Wizard closes the EPA Analysis will begin.

11. After Citrix Endpoint Analysis allows user login, you will be presented with a EULA Pop Up.

16a. If the Citrix Endpoint Analysis fails, you will receive an error screen (see appendix A).

12. Please read the Tax Division warning EULA and Accept by Selecting “Continue”.

13. Available Desktop & Applications will load, Select available VDI to launch workstation.

Appendix A.

If you receive a failed Citrix Endpoint Analysis (EPA) scan, you will see a pop-up similar to the following:

If this is received, please check that all of the prerequisites have been fulfilled and retry launching the URL "<https://citrixweb.tax.usdoj.gov>".
