

Status Update April 1, 2025

Judge Dabney L. Friedrich continued the status hearing originally scheduled for April 1, 2025, in the case of *United States v. Abu Agila Mohammed Mas'ud Kheir Al-Marimi* (Case No. 22-cr-392-DLF). The purpose of the hearing was to discuss updates on the defendant's health. We expect to receive additional such updates later this week, which prompted the parties to seek to move the status conference until after those updates have been received. The Court ordered a new status conference on April 8, 2025, at 10:30 am in Courtroom 24A. We expect that the majority of the discussion at the hearing will take place under seal, and that those portions of the hearing will not be available to the public. We are still in the process of working out the implementation procedures for remote access with the Court, and therefore the public portions of the hearing will not be available via remote access. We will provide a prompt update via VNS regarding all public portions of that hearing.
