

May 14, 2025 Status Update

The Court held a status hearing, partially under seal, and in open court on Wednesday, May 14, 2025, in the case of *U.S. v. Abu Agila Mohammad Mas'ud Kheir Al-Marimi* 22-cr-392 (DLF). The defendant appeared in person and the Court received information about the defendant's health. The Court also addressed victim access issues concerning the government's ability to verify a list of victims to be able to establish audio victim access for the victims by the next status conference, scheduled for June 5, 2025. The government is working to accommodate this timeline.

In order to be permitted to listen to the June 5 hearing, and all further hearings, victims will need to sign a form acknowledging that they will not engage record or rebroadcast the proceedings. We know we have asked you to respond to us on many occasions, and we apologize for the additional intrusion, but we will be in touch shortly to let you know how to sign these admonition forms.

The parties also notified the court that they expect to be able to propose a trial date at the June 5 status conference. The court directed the parties to file a joint status report by May 29, 2025, so the court would have time to consider that report ahead of the hearing.
