

First Responder Training: Recognizing Veterans, Military Service Issues and Suicide

The Department of Veterans Administration's Law Enforcement Training Center and the U.S. Attorney's Office, Eastern District of Arkansas, are co-hosting training presented by personnel from the Bedford Veterans Administration Medical Center (*Massachusetts*).

In addition to providing participants with information on resources available to veterans, the training will include information on:

- ▶ strategies to improve engagement between first responders and veterans in a state of crisis
- ▶ post deployment issues facing veterans who have returned home
 - post traumatic stress syndrome (PTSD)
 - social impact
 - substance abuse
 - reintegration
 - homelessness
 - legal issues
- ▶ veterans & suicide
 - warning signs
 - strategies for prevention
