GET INVOLVED, GET SAFE  
Prevent Elder Abuse

Elder abuse can happen to anyone and is more common than you think. It happens when an older adult is harmed on purpose or is neglected. The abuser can be a family member, friend, or caregiver. Abusers can also be strangers who get in touch with older adults by phone, email, mail, social media, or the internet.

TALK TO FRIENDS & FAMILY
If you are concerned about your safety or you feel you’re being abused, talk to someone you trust.

PLAN AHEAD
Plan for the future so you have control over your life and your money through a safety plan, a health care power of attorney, a financial power of attorney, and a will.

STAY CONNECTED
Join in community events and activities with people you trust.

KNOW YOUR RIGHTS
Know your rights and what services are in your community. Find your local Area Agency on Aging (AAA).

SAY NO
You have the right to tell people "No" when you’re uncomfortable with what they are doing or saying. If "no" is not enough, find help on the next page.

Elder abuse can harm your body, mind, relationships, or finances.
