FACTUAL BASIS

The defendant, **ELVIN PEREZ-ROMERO**, ("**PEREZ**") has agreed to plead guilty as charged to the one-count indictment charging him with illegal reentry of a previously removed alien, in violation of Title 8, United States Code, Section 1326(a).

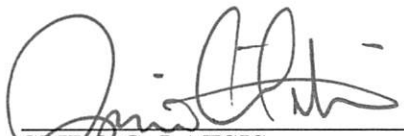

Should this matter have gone to trial, the government would have proven, through the introduction of competent testimony and other admissible evidence, the following facts, beyond a reasonable doubt, to support the allegations in the indictment now pending against the defendant:

On September 21, 2018, ICE ERO officers went to a residence located on Park Blvd., in Chalmette, Louisiana, to arrest a fugitive. After arriving on the scene, the officers observed their target and another Hispanic male exit the residence and drive off in a Red Ford pickup truck. The officers then stopped the truck and spoke to both men. During the encounter, the officers discovered that the individual who was not their target, **ELVIN PEREZ-ROMERO**, was an illegal alien. Their initial checks revealed that **PEREZ** had been removed on multiple occasions. The officers then transported **PEREZ** to their office for processing.

The ICE officer then checked various immigration databases and determined that **PEREZ** was a citizen of Honduras, and that he had no claim to United States citizenship. The record checks

also confirmed that **PEREZ** had been removed from the United States on May 25, 2018. Testimony of an official from U.S. Citizenship and Immigration Services regarding record checks conducted through the Computer Linked Application Information Management System would show that the defendant, **PEREZ**, did not receive consent from the U.S. Attorney General or his designated successor, the Secretary of the Department of Homeland Security, to apply for readmission or receive permission to reenter the United States since the time of the defendant's previous removal.
