In partnership with the United States Attorney's Offices for the Eastern, Middle and Western Districts of North Carolina, the Victim Services Interagency Council of North Carolina and Wake Forest Police Department will host a dedicated podcast episode on how we can help crime victims by providing victim-centered and trauma informed supportive services and most of all how to offer hope and resiliency to crime survivors. Our law enforcement professionals, survivors, victim advocates, and community allies will share their voices, provide information on victims' rights, awareness, and resources.
