Kan. Stat. Ann. § 17-12a102.

The Oklahoma Uniform Securities Act of 2004 defines a “security” as:

Okla. Stat. Ann. tit. 71, § 1-102.

RELEVANT ENTITIES AND ACTIVITY

9. Premier Global Corp. (Premier Global), is a Kansas corporation incorporated in 2010 with offices located in Derby, Kansas. Premier conducts a variety

of different business activities, including providing billing services to construction contractors and subcontractors. Additionally, Premier and a number of its partially owned subsidiaries known as “Factoring Entities” are in the business of invoice factoring, whereby Premier purchases invoices or accounts receivable, factored invoices, at a discount from construction subcontractors and a variety of different types of companies. After purchasing the factored invoices, Premier is entitled to collect the full amount owed for the invoices. Premier Construction Services, Inc. was incorporated in Kansas on October 19, 2010. The company changed its name to Premier Global Corporation on April 30, 2018, then changed its name back to Premier Construction Services, Inc. on May 3, 2018, and then again changed its name to Premier Global Corporation on September 7, 2018.

10. Commencing in or about 2010, Premier Global began raising capital for its invoice factoring activity by entering into *Transferee Agreements* with transferee investors. Under these agreements, investors opened business checking accounts (Transferee Accounts) at banks specified by Premier Global and deposited investment funds into the newly opened bank accounts. Individuals working for Premier were generally added as authorized signers on these Transferee Accounts. After the investment funds were deposited into the Transferee Accounts, the funds were repeatedly used by Premier Global purportedly to purchase Factored Invoices. It appears that Premier Global had entered into *Transferee Agreements* with at least 216 investors.

11. Commencing in approximately 2016, additional capital was raised from investors through *Promissory Notes* issued by Premier Global and several of its partially-

owned subsidiaries, to-wit (collectively “Factoring Entities”): Premier Factoring, LLC (Premier Factoring); PF-2, LLC (PF-2); PF-3, LLC (PF-3); PF-4, LLC (PF-4); PF-5, LLC (PF-5); PF-6, LLC (PF-6); PF-7, LLC (PF-7); and Premier Factoring Group, LLC (PFG).

12. The Factoring Entities are all Kansas limited liability companies owned by Premier Global and DDI Advisory Group, LLC (DDI Advisory), and are managed by **STEVEN PARISH** and DDI Advisory’s owner, **RICHARD DEAN**. DDI Advisory is a Kansas limited liability company organized in 2015.

13. Under these *Promissory Notes*, investors delivered principal funds to Premier, and in exchange Premier promised to repay note investors the principal plus 10% annualized interest. Investors could elect to receive their interest payments monthly, quarterly, semi-annually, or annually. The *Promissory Notes* mature every 12 months but are automatically extended for an additional 12-month period unless an investor provides Premier with written notice not to renew a note. Some of the *Promissory Notes* sold to investors were issued by Premier Global, but others were issued by the Factoring Entities which were partially owned subsidiaries of Premier Global. Premier issued at least 646 *Promissory Notes* to approximately 370 investors with a cumulative face value of at least \$97 million.

14. Most *Promissory Note* investors learned about Premier through Agents who had been retained by **DEAN** in his role as co-manager of the Factoring Entities and owner of DDI Advisory. The Agents entered into *Contractor Services Agreements* with DDI Advisory under which Premier paid the Agents an annualized 2.5% of the amount the investors they solicited invested with Premier so long as the investors’ funds

remained with Premier. Premier also paid DDI Advisory an annualized 0.5% of the amount invested through these Agents for DDI Advisory's role in retaining and managing the Agents. Payments to the Agents and DDI Advisory were made periodically, usually monthly, at the same time that Premier made its periodic payments of 10% annualized interest to the *Promissory Note* investors. Thus, for the funds received pursuant to the *Promissory Notes*, Premier was obligated to pay a combined annualized 13% between the investors, the Agents, and DDI Advisory.

15. Both in written offering documents and in verbal communications to investors, individuals associated with Premier, including **STEVEN PARISH and JOSHUA OWEN**, represented that Premier's invoice factoring business was successful and profitable, that since in or about 2018 the company had "revenues" of approximately one-hundred million dollars, that the investors' funds would be used to purchase invoices or other accounts receivable, and that the investors' returns would be generated by the company's invoice factoring revenues. However, Premier's records reflect that the invoice factoring business did not generate sufficient revenues to pay investor returns. Instead, the "revenues" Premier represented it was collecting largely consisted of internal transfers from Transferee Accounts and the Factoring Entity Accounts. Premier's actual financial condition was never disclosed to investors.

THE SCHEME TO DEFRAUD

16. As part of the scheme to defraud, **PARISH** created hand-written Transfer Lists of App Numbers directing funds be debited from Transferee Accounts and the

Factoring Entity Accounts and credited to Premier Global's Operating Accounts. **PARISH** gave these lists to an employee of Premier.

17. Based on the Transfer Lists of App Numbers created by **PARISH**, OWEN or another Premier employee, through a financial transaction, transferred funds out of a Transferee Accounts into the Premier Global Operating Accounts. Similarly, OWEN or other Premier employees, through a financial transaction, transferred funds out of Factoring Entity Accounts into Premier Global's Operating Accounts.

18. As part of the scheme to defraud, **PARISH** created hand-written Return Lists of App Numbers directing funds to be credited to Transferee Accounts and the Factoring Entity Accounts drawn from Premier Global's Operating Accounts. **PARISH** gave these lists to an employee of Premier.

19. Based on the Return Lists of App Numbers created by **PARISH**, OWEN or another Premier employee, through a financial transaction, caused the return of funds from Premier Global's Operating Accounts to the Transferee Accounts. Similarly, OWEN or other Premier employees, through a financial transaction, initiated the transfer of return funds from Premier Global's Operating Accounts to the Factoring Entity Accounts.

20. The majority of financial transactions were not related to the purchase of invoices from vendors or return of profit to the investors. The majority of financial transactions prompted by the two lists created by **PARISH** were merely financial transactions creating a record of fund transfers from Transferee Accounts and Factoring Entity Accounts to Premier Global Operating Accounts, and back to Transferee Accounts

or Factoring Entity Accounts with a purported profit represented to be the promised return on investment.

21. The App Numbers contained in the two lists created by **PARISH** were not related to vendor invoices. Premier Global's records show the circular transfers recycling funds as described above and relate those transfers to a Transferee or Promissory Note investor. Those financial transactions are not reflected as "accounts receivable" in Premier Global's records.

22. A financial transaction related to the purchase, payment or investment return of a vendor invoice is reflected in Premier Global's records as "accounts receivable" and also linked to a contractor or sub-contractor using the invoice factoring services provided by Premier Global.
