Still need for you to try and get that MCB# up ASAP. Please continue to use the plan outlined at the PD meeting to add to these #'s quickly. Please also sure up your MCA utilization as anything less than 1.0 means you are over-providing minutes on the MCA patients.

<i>Brighton-Bellaire</i>	2009 Total	January	February	February Targets	Comments
MCB ADC	9.82	10.95	10.60	10.75	need to pick back up
Med A Group Minute %	9.82%	17.60%	17.40%	14.00%	good job!!
PD Productivity	2.80%	1.30%	0.60%	4.50%	NA d/t team productivity#
Team Productivity w/ tech	89.00%	90.44%	89.75%	85.00%	slight drop
MCA Utilization	1.02%	1.11%	0.99%	1.00% to 1.20%	just a little low

Thanks,
