That's why I wasn't sure another financial roll up is needed.

Meredith doesn't want us to know RUGS for the other therapy companies. So far I built the shell spreadsheet, Meredith says it will be up to Andrea to fill it in .... from the reports I have been doing. (Not sure Andrea is up to the task)

At which point do we say we have limits to what we (you) can track for this chain? :)

One other thing  
Meredith asked me to create a tracking report(attached) for all the LCS locations for RUGS and patient count by DOM  
Maybe this accomplishes the same thing?

I want to make sure I am gathering the correct info for you  
When I look at the Cook report there are RUGs on Page 9 and financials on Page 12

Isn't that the same info that is on the "12-12 Financial Performance Review - Chain Detail (Life Care Services).xls" already rolled up for his group for the quarter?

The financial trend report is in Cognos. Jerry won't be able to get to it. I'll have to run it. I'm unclear on which facility that is. Do you want it for Q4 2012? I can run it and send it to both of you.
