Oh no. Not at all. Jerry is very helpful. We just want "credit" in the RFI process because of the investment. He does a # of things for CPS.

That's all.

Sequestration is a concern.

Will TTY live about it tomorrow.

Did none of the RFI bidders discuss it?

I was in a meeting yesterday with the Kindred lobbyists who "live" in DC. They told us as much as they know and their best guesses as to what will happen in our industry if Obama or Romney wins.

Will call you tomorrow to share.

I will be on this webinar and Pat and I and our regulatory folks will be at this NASL meeting in a few weeks. Will get you updates. We didn't talk about sequestration today and we didn't brag about Jerry. Will speak with you live about sequestration.

National Association for the Support of Long Term Care

September 18, 2012

Dear NASL Members,

Mark your calendars for two important, upcoming events.

First, Register today <<http://webinars.ahcancal.org/session.php?id=9579>> for the September 25th NASL / AHCA Webinar, "Taking Part B Therapy Beyond the \$3,700 Threshold <<http://webinars.ahcancal.org/session.php?id=9579>>."

On Tuesday, September 25, 2012, from 2:00 – 3:00 PM EDT, NASL and the American Health Care Association (AHCA) will host a webinar designed to help members better understand how CMS will implement policies requiring pre-authorization for providing therapy to patients nearing the \$3,700 threshold on Medicare Part B therapy services.

This webinar will help participants:

- \* Understand the components of the new manual medical review process that CMS requires under the Middle Class Tax Relief and Job Creation Act of 2012;

\*

Gain insight about the specific patient information and documentation MACs will require when providers submit pre-authorization requests that are needed for Medicare reimbursement for additional therapy for those patients near the \$3,700 threshold; and

\*

Learn the steps that providers will need to take when requesting pre-authorization starting on October 1, 2012.

Next, be sure to join NASL in Tampa, Florida for our 23rd Annual Meeting on October 7 – 9, 2012.

With new transmittals and final rules coming from CMS nearly every week, you can't afford to miss NASL's 23rd Annual Meeting. Make sure you are there to hear about ZPICs, MACs, bundling and more.
