One more thing, I do not have a PO#. Do I need one?

The law for us requires a patient name for every five units we sell. So for 12 units which is what we have discussed, you would need to provide 3 patient names. They can be first initial last name and can come from your roster. This is Massachusetts law for us as a pharmacy compounder so we cannot deviate. We are required to keep this in our records only and it is 100% HIPAA compliant which is why the fax number on the form is so important to be the only one used. It is understood that the patients listed have not been administered the product at this point. Please call if need be as I am at your disposal.

What do I fill in for name of patient, if we haven't had any to use yet?
Julie

If you don't have it don't worry. I will let the lab know that the order is a new one. I know we are crisscrossing emails so by now you probably saw my last one. I have it on my desk so we are all good. Do you need any help on filling out the order form?

Hi Mario,
I had forwarded the credit application to Mary Ellen Doyle at MEEI, Boston to complete and return to you. I could not answer the questions. She said that MEEI already has several accounts set up with your company. Have you received it back from Mary Ellen Doyle, yet? If not, I will contact Mary Ellen, again.
Thanks,
Julie

Julie,

You are all set to order. Just fax in the prescription order form with a copy of the credit app attached to the number on the form and we will get it process asap. Any questions please don't hesitate to call.

Mario

Hi Mario,

I was just following up to see if the account for MEEI, Concord, MA is all set. If so, I would like to place an order, as soon as possible. If it is not all set, could you tell me when the account will be ready?

Thank you,

Julie
