Subject: FW: Chronic disease fund out of money????!!!!!!

Just got a call from Dan M and LIVR is stating that CDF told them they have NO money. Therefore, right now, LIVR is putting patients only on Avastin. Dan and Christine are currently trying to validate LIVR's comments and getting greater clarity.

Hi,
Has anyone heard that CDF was out of funds? Not sure if this is from just one account or something that other accounts are hearing as well.

Kind regards,
Jim

Dan,

I'm here at LIVR in Great Neck and finding out the billing staff has heard from more than one CDF rep there are no more funds???

Hoping they are wrong, but can you please confirm or deny ASAP!
