There is a column to tier this on a scale of 1-10 (10 being most likely to endorse) on the Doc.

Mowers, if you cant access the doc from your phone, send over your tiers and I will log them in

If election day were held today, they would be more likely to endorse than not.

Ok... So on a scale of 1-10, they aren't all a 10... 10 would mean 100% yes, they will endorse

Likely can range from 5-10 on this scale...
