March, 2020

The United States Attorney's Office is excited to introduce the revised and newly formatted Vermont Victim Services Resource Directory for 2020. We have received many requests and praise for this booklet, which serves as a useful guide to victims' services throughout Vermont. It is our goal to establish an on-line interactive edition of this, with smart phone capabilities, in the near future.

I continue to be inspired by the work that victim advocates do throughout the state. You are all truly the unsung heroes! Thank you for your continued dedication to victims' rights in Vermont.

Sincerely,

A handwritten signature in cursive script that reads "Christina E. Nolan".

CHRISTINA E. NOLAN

Anyone can contact the Parallel Justice program for confidential support, information, and resources related to victimization and harm. First-class mail is sent to a substitute post office box, where it is then forward, at no cost, by the Safe at Home program to the participant's confidential location. The program provides a substitute address so abusers cannot locate victims through the public record system (i.e., voter registration, motor vehicle records, marriage or birth records.) The program also permits participants to vote in their districts as "blind ballot" absentee voters. ## Area Agencies on Aging

Vermont's five Area Agencies on Aging are private, non-profit organizations that provide free information, assistance and support for adults age 60 and older (and their family caregivers). Services include senior meals, case management, health insurance counseling, transportation, caregiver support and respite, legal services, assistance with public benefits and other programs that promote the health, safety and wellbeing of older adults. Agency staff work closely with APS investigators, and respond to allegations of self-neglect involving individuals over the age of sixty. Contact them through the Senior HelpLine, 800-642-5119, or at the local numbers listed below.

# Community Restorative Justice Centers

In Vermont, restorative justice panels are held by Community Justice Centers and Court Diversion programs for both adults and youth, and by Balance and Restorative Justice Programs (BARJ) for youth adjudicated in Family Court. There are 20 Community Justice Centers, 14 county-based Diversion programs, and 12 BARJ providers. Law enforcement, state's attorneys (prosecutors), courts and the Department of Corrections may refer people to one of these programs at different points in the criminal justice process - before a person is charged, after the person is charged but not convicted, after the person is convicted, or after the person is released from prison.

Regardless of what level of involvement in the criminal justice system, the Community Justice Centers/Programs, the Court Diversion Programs, and BARJ providers strive to operate based on the following principles.

## 1. Crime is a violation of people and relationships.

- While crime is a violation of law—an act against the state—the primary concern is the physical, emotional, and social impact crime has on people and relationships.
- Crime harms and affects people—victims, family members, community members, offenders and others—damages relationships, and disrupts peace in the community.

## 2. Violations create obligations.

- Each situation is complex and creates obligations to repair harm and to put things as right as possible, as defined by all parties.
- Offenders have a responsibility for their actions—to gain insight into how their actions have affected others, to make amends, and to learn ways to avoid future re-offense.
- The community has a responsibility to its members, including supporting victims' needs and offenders' responsibility to make amends for the harm they've caused.

## 3. Restorative Justice engages victims, offenders, and community members—all those affected by the crime—in an effort to put things right.

- All parties—those affected, those whose actions affected them, and the community—are “provided meaningful opportunities to participate, shape the process, and make decisions.
- Those involved are in the best position to know what it means to put things right for them in their particular situation.
- Victims determine their level of participation in any restorative process.
- Victims have the opportunity to talk about the crime from their perspective, identify how their needs may be best met to make things as right as possible for them, and plan for a safe environment.
- Putting things right includes follow-through and satisfaction with the outcome.

# Court Diversion Programs

Responding to the needs of crime victims is part of Court Diversion's mission. Court Diversion is a restorative alternative to the court process for individuals charged with a crime in Criminal Division or a delinquency in Family Division. If completed successfully, there is no criminal conviction.

The State's Attorney refers eligible offenders (called 'Diversion participants') to Court Diversion. Diversion participants do not go through the standard court process.

Diversion participants must:

- Accept responsibility for their actions.
- Be willing to take steps to repair harm caused.
- Agree to share relevant case information with the victim.

Victims are informed if their case is referred to Diversion. Diversion gives victims choices around the information they can receive and the degree to which they want to be involved. Victims can receive information on meeting dates with the Diversion participant, status of the case and relevant requirements, and whether the Diversion participant completed the program successfully or was returned to court. Diversion programs want to hear from victims. If victims would like to share how the crime impacted them, they can speak to a case manager, send in a Victim Impact Statement or actively participate in the process to discuss what a Diversion participant must do in order to complete the program. It is important that Diversion Programs have current contact information for each victim. For more information, please visit: [vtcourtdiversion.org/information-for-victims](http://vtcourtdiversion.org/information-for-victims)

Court Diversion also operates the Youth Substance Abuse Safety Program (underage possession of alcohol or marijuana civil violations) and the Civil DLS Diversion Program. These programs are run by non-profit agencies that receive funding from Vermont's Attorney General to provide the services as well as Pretrial Services. All of the programs are members of the Vermont Association of Court Diversion and Pretrial Services (VACDP). For more information, please visit [vtcourtdiversion.org](http://vtcourtdiversion.org)

# District and Family Courts

[800-540-9990](tel:800-540-9990)

**Statewide 24-hour toll-free number to reach Family Court in your county to obtain a Relief from Abuse Order**

District Court is responsible for hearing nearly all criminal cases, some civil cases, civil suspension, fish and wildlife violations, appeals of traffic tickets and municipal ordinance violation decisions.

Family Court is responsible for the divorce actions, other domestic actions (primarily parentage) and post judgment actions filed each year. Most of the post-judgment actions involve attempts by parents to modify or enforce child support, visitation or custody orders.

The Family Court is also responsible for motions to establish, modify or enforce child support; juvenile delinquency cases; cases involving the abuse and neglect of children; cases in which the state seeks to terminate parental rights; and petitions for relief from domestic abuse and other family matters, including how the state should care for persons with mental illness and developmental disabilities.

## State of Vermont Restitution Unit

P. O. Box 10  
Waterbury, VT 05676

The State of Vermont Restitution Unit and Restitution Special Fund was created by the Vermont legislature on July 1, 2004 to address the financial hardship caused to crime victims waiting for an offender to pay restitution. Restitution Order enforcement, collection and Special Fund administration is done by the Restitution Unit. Restitution ordered on behalf of an individual victim on or after July 1, 2004 may be advanced to the victim from the Restitution Special Fund if their loss is fund eligible and can be documented.

Advance payment from the Restitution Special Fund is capped at \$5,000.00. Restitution ordered to an individual over the \$5,000 cap, or to a business, State Agency, or for a loss not eligible for advance from the Restitution Special Fund will be paid to the victim as the Restitution Unit is able to collect from the offender.

If you have questions about court-ordered offender restitution, or about the Restitution Unit, please call [800-584-3485](tel:800-584-3485) or [802-241-4688](tel:802-241-4688).

Email [safeathome@sec.state.vt.us](mailto:safeathome@sec.state.vt.us)  
Website [sec.state.vt.us/otherprg/safeathome](http://sec.state.vt.us/otherprg/safeathome)

The Safe at Home Program is part of an overall safety plan for victims of domestic violence, sexual assault and stalking (and their children). Participants include those who live in a location unknown to the abuser, have recently moved or who intend to relocate in the near future to a safe place unknown to the abuser.

The program provides participants with a substitute mailing address to be used as their legal residence, work and/or school address. First-class mail is sent to a substitute post office box, where it is then forwarded, at no cost, by the Safe at Home program to the participant's confidential location.

The program provides a substitute address so abusers cannot locate victims through the public record system (i.e., voter registration, motor vehicle records, marriage or birth records). The program also permits participants to vote in their districts as "blind ballot" absentee voters.

You may apply to the program by contacting a domestic violence/sexual assault program in your community. Please call Safe at Home or check our website for a listing of advocates in the program.

The Vermont Department of Public Safety maintains the Sex Offender Registry. Generally, offenders who have been convicted of sexual offenses, as defined by law, on or after July 1, 1996 or released on or after that date, in Vermont or any other state, are required to register.

If you have been the victim of sexual violence and your offender has been convicted and sentenced for the crime, you have the right to be notified by the Vermont Sex Offender Registry in writing of the offender's current address. This notification is to be made promptly, both when the offender initially registers with the Vermont Sex Offender Registry and anytime the offender changes his/her address.

To be notified of the offender's location, you must complete a Victim Notification Form and return it to the Vermont Sex Offender Registry. To receive a notification form, contact the Sex Offender Registry Coordinator or visit the Department of Public Safety's website.

The Department of Public Safety plans to post information about certain classes of sex offenders on its website, including current photographs of offenders, the type of crime for which he/she was convicted, where he/she currently resides and the contact information for his/her supervising correctional officer. After registering with a user name and password, anyone 18 years of age or older will have access to this website. For more information, visit the Department of Public Safety website.

## Vermont Center for Crime Victim Services Sexual Assault Information

You do not need to report the sexual assault to the police to receive these free services.

Call [800-489-7273](tel:800-489-7273) for immediate help.

Sexual assault is a serious crime. As a victim of this crime, you have rights, as well as access to people who can help you. An advocate from a rape crisis center is available to accompany you to the hospital or to a doctor, and to assist you with legal, police and social services.

Trained SANE (Sexual Assault Nurse Examiner) nurses are available at every hospital in Vermont. They provide medical care, perform a sexual assault exam, give you information, and gather medical evidence. **The exam should be performed within 72 hours (3 days) of the sexual assault.** Follow-up care is also available. *As of July 1, 2008, free counseling is available for sexual assault survivors.*

If you are worried about HIV exposure through sexual assault, you need to be evaluated immediately by a medical professional, such as a SANE nurse. **The hospital emergency room is the best place to go.**

In some instances, drugs can prevent HIV infection after you have been exposed to the virus. However, **for the drugs to be effective, you must take them within 72 hours (3 days) after the sexual assault.**

**Free** counseling, testing, treatment and support services for HIV infection prevention are available for sexual assault survivors.

**Payment for these services is made by the Vermont Center for Crime Victim Services.**

## State's Attorney's Offices Victim Advocates

The Vermont Victim Assistance Program maintains 24 advocates in the Attorney General's and State's Attorneys' offices throughout Vermont's 14 counties. Victim advocates guide victims through the criminal justice process and serve as a liaison with the State's Attorneys and other criminal justice agencies. Many counties have "specialized" advocates who focus solely on cases of domestic violence, sexual assault, or child abuse.

Victim advocates provide information on the status of court cases, notify victims of hearings, prepare victims to testify, and assist victims with applications for Victims Compensation. They also assist victims with completing Victim Impact Statements, requesting restitution and requesting notification of their offender's release. In addition, advocates provide short-term counseling and emotional support to victims, accompany them to court, and help to ensure that they are not re-victimized by the criminal justice process.

Advocates are involved in local task forces and provide outreach and training to other state and community agencies working with victims of crime. Through their hard work and dedication, the advocates of Vermont's Victim Assistance Program have created many positive changes impacting Vermont's crime victims.

If you have any questions, please call the Victim Assistance Program Coordinator at the Center for Crime Victim Services at [802-241-1426](tel:802-241-1426).

## Looking for Help to Get or Keep Housing? Call the Lead Agency in Your Area to Get Connected.

Paving the way for more efficient housing assistance, Coordinated Entry (CE) is a process that ensures people experiencing a housing crisis have fair and equal access and are quickly identified, assessed for, referred and connected to housing assistance based on their strengths and needs. Through the “No Wrong Door” approach to Coordinated Entry that VCEH is implementing, Vermonters experiencing or at risk of homelessness are able to quickly access the assistance they need, without having to call or be turned away.
