Dear Chapter 7 and Chapter 13 Trustees:

Your role in administering bankruptcy estates is indispensable to the effective and lawful functioning of the entire bankruptcy system. I know that in the past few years, the United States Trustees have reached out to you to ensure that we are informed about all cases assigned to you that involve marijuana assets, which are proscribed under federal law and may not be administered under the Bankruptcy Code.<sup>1</sup> This directive pertains even in cases in which such assets are not illegal under state law.

In recent months, we have noticed an increase in the number of bankruptcy cases involving marijuana assets. This is to reiterate and emphasize the importance of prompt notification to your United States Trustee whenever you uncover a marijuana asset in a case assigned to you. Our goal is to ensure that trustees are not placed in the untenable position of violating federal law by liquidating, receiving proceeds from, or in any way administering marijuana assets. In some cases, trustees move to dismiss or object to a chapter 13 plan confirmation on grounds unrelated to the controlled substance. You should continue to file any motions or objections you deem appropriate. It is the policy of the United States Trustee Program that United States Trustees shall move to dismiss or object in all cases involving marijuana assets on grounds that such assets may not be administered under the Bankruptcy Code even if trustees or other parties object on the same or different grounds.

I appreciate your continued and heightened attention to our directive for prompt notification of all cases involving marijuana assets. I am grateful for all the work you do every day to uphold the integrity of the bankruptcy system and to satisfy the highest fiduciary standards. Your accomplishments, while not always heralded, are much appreciated.

Sincerely yours,
