<sup>1</sup> All totals are for cases filed in United States Trustee Program (USTP) districts (excluding Alabama and North Carolina) and include cases that opted into subchapter V during the time period, either during or after filing. Totals may change over time due to subsequent case status updates. Subchapter V disposition percentages reflect results through November 30, 2024, and exclude cases that amended out of subchapter V, either at the debtor's request or after having been deemed ineligible to proceed under subchapter V, as well as cases that were administratively closed upon transferring to another division or district. Median disposition times are based on the date that cases entered into subchapter V and may change for each group as remaining pending cases reach their dispositions. Fiscal Year 2024 and 2025 disposition percentages are not yet included because many cases have not yet reached a disposition. Percentages may not add up to 100 percent due to rounding.
