As noted in my March 25 email (see attached), in order to standardize how we handle monies returned by creditors because they have been paid in full and/or the debt is no longer owed, we developed a Report of Returned Funds form (see attached). Maryland UST staff have worked with the Bankruptcy Court to develop an ECF entry entitled "Chapter 7 – Report of Further Distribution". As stated in the previous email, this form would be completed by you and submitted to the applicable reviewer along with form 2 and bank statements from the time the TFR was submitted forward. The reviewer would review the report and notify you by email once their review is complete. You would then file the report along with form 2.

Please begin implementing this procedure immediately. I have contacted the major software vendors (BMS, Epiq, TrusteeSolutions) and asked them to include this form in your software package.
